## Pupil Review of Remote Learning

January—March 2021

***“I really like remote learning because you get to see your friends in meetings and you get assignments you love to do “***

***“I give it a four out of five because I miss my school and my friends but I am enjoying home school learning too”***

***“I like it because there's lots of different things every day. It's not the same every day.***

***“I love tech ... also learning using tech “***

### What we did well...

- \* The engagement levels of our learners increased in comparison to the first period of remote learning.
- \* 80% of children reflected on their remote learning experience positively, saying that they enjoyed this lockdown's remote learning experience.
- \* Children said they missed seeing their friends the most, so they really enjoyed the live experiences as it was a chance to see their friends and teachers.
- \* There was a variety of both curricular areas planned for, and resources used to support learning.

### What our children found tricky or would have liked done differently ...

- \*Sometimes focussing was difficult\*
- \*Could be hard if technology didn't work\*
- \*It took time at the start to learn how to use the technology properly\*
- \*Could be more challenging to understand some new pieces of learning\*
- \*More time to talk to the teachers about our work\*
- \*Difficult to sit at the computer a lot — not used to it\*

### What our children enjoyed...

- \*Google meets\*
- \* Live lessons\*
- \*The extra lie-in time\*
- \*Using technology\*
- \*Sumdog\*
- \*Reading Eggs\*
- \*Not having to come to school in the rain\*
- \*Sharing pictures on Seesaw\*
- \*Being able to play with siblings/toys at breaks\*
- \*You could do the work at your own pace\*

## Family Review of Remote Learning

January—March 2021

***“I like the fact that teachers hold live meetings with the children at least once a week. The children are now having to do more independent research using online tools like the Google search engine to source information. Also, their IT skills are improving as well”***

***“I think the school dealt with online learning exceptionally well, but the children need the classroom experience at this age”***

***“We are finding it very easy this time round to log on and find the work set out by the teachers. The volume of work is realistic and manageable, and we feel the staff are supporting us efficiently in any challenges we face. It is easy to communicate with staff online if we need to”.***

### What we did well...

- ◆ 78% of our families said their child / children engaged daily in remote learning
- ◆ 84% of the families who responded reflected positively on their remote learning experience
- ◆ “We are finding it very easy to find the work. Teachers are providing fun, imaginative resources”
- ◆ “Really good interaction with the girls on lessons and constructive feedback given, for work submitted”
- ◆ “The daily timetables so we can use them like a checklist”

### What our families found tricky ...

- ◆ Too long in front of a computer
- ◆ Difficult for children with Additional Support Needs
- ◆ Difficult when you have more than one child
- ◆ “The online learning was good, but it was hard trying to get things done while also working from home”

### What our families enjoyed...

- ◆ Live lessons
- ◆ Class meets
- ◆ Recorded lessons
- ◆ Teachers engaging with the children
