# **KLAS CARE C.i.C.®**

September 2017

This survey is designed to gauge the response of parents that would use a breakfast club if it was based in their children's school. It also covers cost and opening times.

On a scale of 0 being never and 5 being every morning, please circle:

Would you use a breakfast club based in The Thorn Primary School? 0 1 2 3 4 5

Would you pay for the use of this service? Yes/No.

Would an opening time of 8am meet your needs? Yes/No.

Based on the above responses would you pay £4.50(includes breakfast and games)?  
Yes/No

There are many considerations to be met when considering opening a new are service. One of which is being passed by Care Inspectorate and Food Standards agency. Many breakfast clubs are controlled and staffed by the school or parent councils and therefore are cheaper/free.

KLAS Care is an already established and registered care service due to this the breakfast club has to be registered.

I would be happy to support the school in developing the breakfast club service.

Please supply any additional information that you feel would be useful or relevant to establish the need of a breakfast club. Thank you.

**Lesley Compston, Child Care Manager**
