

Improve our Playground

We are holding a planning meeting on **Tuesday 20th of February at 5pm at St Peter's School** to put together a plan for improving the playground. We are looking for parent/carers who may want to share ideas, get involved.

This initiative is going to be in a working partnership with Stronger Communities but it needs our St Peter's community to make it a success.

The goals we want to achieve are:

- Improve outdoor learning
- Activity nights
- Have community involvement

We are aware everyone has really busy life's but if you have an hour or so to spare to share ideas and contribute to planning process we'd love to see you.
