Can you build a den for you or for your toys this week?

- ❖ This is a great engineering challenge!
- ❖ Where will the entrance be?
- ❖ Will you be able to stand up in it?
- ❖ Can you make improvements to your design?
- ❖ Once built this can be a fun and magical place to read, have a picnic, play with your toys or create a new game.

**Scots Music:** Listen to Mrs Herbert's Fiddle music: [Mrs Herbert playing her fiddle- Paddy's Leather Breeches](#) / [Mrs Herbert playing Scottish fiddle music](#)

A Scotch snap is a rhythmic feature in Scottish music where there is a shorter (quick) note before a longer note. Can you hear them in one of the pieces? Scotch snaps are often heard in Strathspeys (a Scottish dance.)

In the fiddle music keep the beat (pulse) of the music by clapping, dancing or tapping along. ☺

Singing- At a Burns Supper there would be singing, dancing and poetry.

Here are some Scottish traditional songs to try at home. Perhaps your family remember some others too. It's nice to perhaps phone and talk to grandparents or other family members about and sing together or send some videos. A singing child is a happy child!

Your topic of learning for the next two weeks is **Scotland**.

Mrs McDonald has completed a video learning package that you can complete at home. Let's celebrate the birthday of the Bard; Robert Burns, with some Scottish country dancing, as well as creating and participating in your own Scottish Highland Games!

I hope you have lots of fun and good luck!

## Learning Week Beginning 01.02.21

Below we have outlined a suggested weekly overview of learning. A detailed planner will be shared daily along with teaching video links. Children can also access their tasks on the 'Activities' section on Seesaw. This is great way for them to submit work to the class teacher and receive feedback. We have loved listening their voice clips and seeing their work. ☺
