LI: To write an Autumnal poem

SC: I can use the 5 senses to describe Autumn: touch, taste, smell, sound, sight.

I can include similes, (e.g. the autumn sun was as orange as a pumpkin, as withered as an old man).

I can include alliteration (e.g. the golden glow, the setting September sun)

I can include onomatopoeia (e.g. crunch, crack, fizz)

I can write in stanzas

I can remember that my poem does NOT have to rhyme.

Challenge - I can include metaphors (e.g. autumn is a sunset, autumn is a big, orange blanket)

 **Autumn is Here** 

Autumn leaves
Red, gold and brown
Falling, swirling,
Drifting down.

Prickly conkers
Cracking, popping.
Branches snap,
Acorns dropping.

Picking pumpkins,
Juicy apples too.
Gathering blackberries
In hedgerows for you.

Foggy mornings
Damp, cold and grey.
Nature's blanket,
Clouding the day.

Swallows gather
Swooping up high.
Off they go
To Africa, they fly.

Hibernating hedgehog,
Finds somewhere to sleep.
Be sure it's not your bonfire
Or your rubbish heap.

Shorter days,
Frosty and wet.
Winter's round the corner,
But not quite yet.

Numeracy

L.I. - To develop confidence and fluency in my times tables

S.C.

I know multiplication facts for the 2,3,4,5,8 and 10 times table

I understand multiplications as 'lots' of the same thing

I understand multiplication as repeated addition.

I understand that multiplication is commutative e.g. $4 \times 3 = 3 \times 4$

Roman Numerals

6 x 6 Grid Sudoku Puzzle (Activity 1)*

Sudoku puzzles do not always need to involve numbers; sometimes they can include symbols, pictures and shapes.

Can you complete the Sudoku grid using the Roman numerals given?

Cut out the Roman numerals and position them in the correct place. Only glue them when you are sure they are in the right place.
