

Term 4

Literacy

This term, we will be focusing on fiction through our Literacy Circle work. We are continuing to develop our skills in comprehension, knowledge of vocabulary, skimming, scanning and questioning. We will be discussing main ideas, how stories are structured as well as characters and settings.

Our Talk for Writing will focus on non-fiction report writing, linking this with our Titanic topic and one of our listening and talking tasks will be to prepare and present a Titanic presentation.

RRS Article 29

Religious and Moral Education

We have found out many things about major world religions in Primary 5 and this term we will be exploring The Ten Commandments and The Passover. RRS Article 14

Science

This term we will be examining Changing States of Matter. We look forward to carrying out lots of fun experiments including making our own butter and creating our own mini water cycles!

RRS Article 28

Alloway Primary School

Primary 5

Health and Well being

In PE we are developing our athletics skills and participating in outdoor games. We are co-operating with and supporting our peers in small group situations.

With Sports Day approaching, we will be developing our athletic abilities and enjoying improving our fitness levels.

In June we will be taking part in our own Health and Wellbeing fortnight.

We will begin to investigate the theme of 'Moving on' to support the children with the transition to their next class. RRS Article 24

IDA

It's Titanic-tastic in P5 this term and we are so excited about our trip to Belfast on May 9th. We will learn about the building of the Titanic, the facilities, people on board, different classes and the disaster itself. Pupils will apply their understanding of the topic to help them create a shoe box cabin as a homework task. RRS Article 29

Term 4

Expressive arts

In art we will be designing clothes for our passengers and painting the night of the Titanic disaster! In drama we will be working as part of a group to retell moral stories. We continue to practice our ukuleles and are really looking forward to performing for you as part of the upper school showcase – Off to the Euros! RRS Article 29

Mathematics

This term, we will be investigating length, weight and volume, converting units of measure and learning about probability and chance. We will also be revising all the number processes and how they relate to real life mathematical situations.

RRS Article 28

Technologies

This term, we will carry out our own personal research on the Titanic. We will be continuing to develop our skills using Microsoft PowerPoint and presenting our Titanic research to the class. We will also practice our coding skills programming MARTY robots in computer science.
