

P3 Newsletter

Term 3 – January – April 2024

Phonics

You will receive a weekly newsletter for the phoneme we are learning in class. You may keep and complete these tasks to help practise and consolidate these phonemes.

On Monday 29th January, you will receive a document with websites and QR codes that you may use to practise phonics online.

Recently taught phonemes include:

a – ai/ay	long i – igh/ie/y	Long e – e/ee/ea
-le	wh	ng

Write a sentence for each word. Focus on handwriting as well as the phoneme.

Diacritically mark your words.

Mathematics

This term, we will be covering the following topics:

- Money
- Multiplication
- Division
- Measurement – Length and height
- Measurement – Mass, capacity, and temperature

Use [TTRS](#), [Education City](#), [Topmarks](#) and [Maths Playground](#) to support learning in these areas.

Interdisciplinary Learning

- Robert Burns
- Farming and Food
- The Human Body

Enjoy some personal research on areas of specific interest.

Reading

Each week, you will receive decodable sentences and a decodable text related to our phoneme of the week. You may keep and use these to develop blending, fluency and accuracy skills when reading.

If you would like an additional decodable text or book to take home, please speak to Miss Malone.

It is recommended that you explore different genres and **Read for Enjoyment** for 15 minutes each night – Miss Malone would love to hear about these in class!
