

For the Birds

<https://www.youtube.com/watch?v=BPopaJsNWd4>

If it does not work- search for "For the birds pixar short" on youtube

Please watch the above video and either write down what happens or draw a comic of the story. A comic might have 6 pictures in it. Try folding a piece of paper to make the frame.

Think about these questions and you could challenge yourself to write down your answers.

- 1) Are the little birds nice to the big bird? Why/why not?
- 2) Did you like the music in the video?
- 3) Do any of the birds speak? Do you still know what they are thinking?
- 4) Why is the big bird laughing at the end of the video?
- 5) Did you enjoy this video? Why/why not?

Maths task.

Pause the video to help you with the blue questions. The red questions are bonus challenges.

How many small birds are in the video?

How many big birds?

How many altogether?

How many wings are in the video?

How many legs on 3 birds and a dog? How many legs on 2 octopuses? How many legs on 2 ants and a dog?
