

# In the Autumn Song

*(Sing to the tune of 'Twinkle, Twinkle, Little Star'.)*

In the autumn, leaves fall down,  
See them floating to the ground.  
Red and yellow autumn leaves,  
Floating down from the tall trees.  
In the autumn, leaves fall down,  
See them floating to the ground.

In the autumn, find fir cones,  
Harvest fruit when it has grown.  
Conkers, acorns you might see,  
Hidden in the fallen leaves.  
In the autumn, find fir cones,  
Harvest fruit when it has grown.

In the autumn, September,  
October and November.  
In the fields there are scarecrows,  
We dress up in warmer clothes.  
In the autumn, September,  
October and November.
