

# Watching the Moon Landing Diary Planning

You will be writing a diary from the first-person perspective of a child watching the Moon landing on television in 1969 with your family and friends. Use this sheet to collect ideas using each of your senses.

What could you **see**?

What could you **hear**?

What could you **smell**?

What could you **taste**?

What could you **touch**?

How did you **feel**?
