# Number Talks

## Subtraction Challenge

What level can you get to?

Use any resources you like and your number talk strategies to help you.

Level 3:  $64 - 27$

Level 2:  $37 - 18$

Level 1:  $37 - 15$

Handwritten subtraction strategies for 42 - 16 and 38 - 16.

**Add Up:**  $42 - 16 = 26$

**Place Value:**

- $38 - 16 = 22$
- $30 - 10 = 20$
- $8 - 6 = 2$
- $20 + 2 = 22$

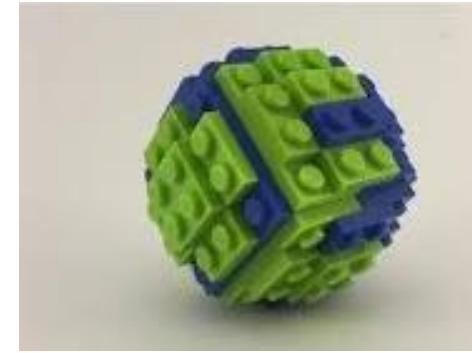

Diagram showing the place value strategy for 42 - 16:

16 → 20 → 40 → 42

Curved arrows above the numbers indicate the addition of 4 to 16 to reach 20, 20 to 40 to reach 42, and 40 to 42 to reach 42.

# Afternoon

- **Health & Wellbeing**

- 1.30pm “Teams Check In”

- **Expressive Arts/Technology**

## 3D Planet Challenge

- Create your own 3d model of any of the planets, using materials/resources of your choice. This will be your task for this Monday and next Monday for a few reasons
  - You might need to use this afternoon just to research different ideas and come up with a plan
  - You might need help from an adult or older sibling and they might not be free to help today or on Monday afternoon therefore you may wish to do it at another time more suitable.
  - You might need to source some specific resources/materials.
