

Friday 26th February 2021

Good morning P4/5!

Friday Funday

- Number of the Day (9:00 - 9:30am)
- Maths Games (9:30 - 10:30am)
- Check In and Chat (10:00 - 10:15am)

Break (10:30 - 10:45am)

- Spelling Test/Reading (11:00 - 11:45am)
- Finishing off Friday (11:45 - 12:30am)

Lunch (12:30 - 1:15pm)

- P.E. (1:15 - 1:45pm)
- Free Choice Friday (1:45 - 2:45pm)

Today is a bit more relaxed, take time to spend with your family and complete some of the fun activities that we have planned. ☺

Number of the Day (9:00 - 9:30)

LI: To answer mental maths questions.

356

1244

Choose one of
the numbers
and answer the
questions.

Round to the nearest 10

Round to the nearest 10

Write the number in words

Write the number in words

How many hundreds, tens and ones does this number have?

How many thousands, hundreds, tens and ones does this number have?

Times it by 2 or double it

Times it by 2 or double it

What is 26 less?

What is 63 less?

Add 33

Add 52

What is the next odd number?

What is the next even number?

Take away 120

Take away 126

Add 1000

Is this number odd or even?

Is this number odd or even?

Check in and Chat (9:45- 10:00am)

1. Overview of the day.
2. What have you got planned for the weekend?
3. 5 times table bingo. Come prepared with a bingo board like mine below.

35	5	20
15	45	60

Numeracy - Times Table Work (9:30 - 10:30am)

LI: To quickly recall times table facts.

It's so important that we take time to revise our times tables regularly so that we don't forget them.

1. First, time yourself practising your least favourite times table to see how well you really know it. Maybe this is one you could focus on today.
2. Now have a go at some of these online games

<https://www.topmarks.co.uk/mathsgames/hit-the-button>

<https://www.timestables.co.uk/>

<https://www.timestables.co.uk/speed-test/>

<https://www.theschoolrun.com/top-times-tables-games>

<https://www.mathschase.com/>

<http://www.maths-games.org/times-tables-games.html>

<https://www.multiplication.com/games/all-games>

Click on the link while pressing the ctrl button and the link should open. As always, let me know if you have any problems.

3. Now try at least one of the three games on the following slide. These are a fun way to practise your tables with someone at home. ☺

Game 1 - Kaboom

You will need:

1. A pencil or pen
2. A cup
3. Small pieces of paper folded up or lolly pop sticks - you will need 12 for each times table you want to practise.
4. Someone to play with.

Yours
should look
something
like this.

>>>

Instructions:

1. Write your times table facts on the lolly pop sticks or small bits of paper e.g. $8 \times 1 = 8$. Remember, this can also be written like $1 \times 8 = 8$.
2. On 2 lollypop sticks or bits of paper write no calculation but KABOOM! instead.
3. Place your lolly pop sticks or paper in a cup.
4. Take it in turns to select a calculation from the cup. Say the answer of your calculation and check it using the facts you have written out (from the previous slide). If you get the answer correct, keep the stick. If you get it wrong, discuss how you are going to remember the answer in future.
5. If a player pulls out a KABOOM! all the calculations have to go back into the cup and you start again.
6. After playing it a few times, remove the KABOOM sticks and the person with the most sticks/paper at the end wins. Have fun!

If you are looking for more information about this game [click here](#) or send me a message. ☺

Game 2 - Splat

You will need:

1. A pencil or pen
2. Paper
3. Scissors (optional)
4. Other players and a caller (optional)
5. Splatter

Instructions:

1. Fold a sheet of A4 paper in half and half it again to get four squares.
2. Cut out or rip the paper and repeat the process so you have lots of little squares (make enough for maybe 12 - 15 calculations and answers).
3. In one square write a calculation e.g. 4×4 . In another square write the matching answer e.g. 16.
4. Repeat this process so that all squares have either a calculation or answer (**you should make sure you are practising a mix of tables**).
5. Now lay out the answers on the floor or table in front of you.
6. Shuffle the calculations and sit them in a pile at the side.
7. Now get something to 'splat' with. This could be a ruler, a fly swat or even just use your hand.
8. Start by selecting a calculation from the pile and reading it aloud.
9. As quickly as you can, find the matching answer and 'splat' it.
10. You could also get an adult to read out the calculations to you if they aren't busy or challenge a sibling to play.
11. Time yourself to make it more challenging. Have fun!

Game 3 - Bingo

You will need:

1. A pencil or pen
2. Paper
3. Other players and a caller (optional)

14	10	16
0	16	12

Instructions:

1. Get a sheet of paper and draw a rectangle on it.
2. Now split your rectangles into 6 squares.
3. Pick a table you want to practise and on each square write an answer from the table you have picked.
4. Now get someone to call out calculations from that table. For example, if you have chosen to practise the 5 times table they could say 5×5 .
5. If you have the answer to that calculation which in this example is 25 then you mark it off your board.
6. Once you have marked off all six calculations shout bingo!

Time Game

If you haven't had the chance to do this weeks maths extension please have a go now.

1. Have a go at the following time game - <http://www.ictgames.com/mobilePage/hickoryDickory/>.
2. Then try this game - <https://www.sheppardsoftware.com/math/time/clock-splat-game/>
Start on level 2 but move up to level 3 if you are feeling confident. ☺

Game 1

Game 2

How do you feel you did with the maths work today?

If you don't have coloured pencils at home, write the colour you are feeling in words to show me how you got on before uploading your work to teams.

I am available on Teams each day from 9am to 3pm so please just message me if you feel you are struggling and we can look at your work together. Remember it's okay to be in the learning pit, that just means your brain is working super hard!

Reading and Spelling (11:00 - 11:45am)

LI: To utilise spelling patterns to spell words accurately.

LI: To read for pleasure.

Task 1

1. Today you are going to try doing your own spelling test using the **look, cover, write and check** strategy. Make sure you don't peak though! Or ask someone in your house nicely to read out the words for you.
2. Once you're finished, post your score on Teams if you like. ☺

Task 2

Now I would like you to read and discuss a book with someone at home. You could do this with a sibling, pet, parent or whoever else is in your house. You don't have to use a book from MyOn today if you don't want to. Why not pick out your favourite book ever!

Please catch up
on your
ReadingWise
sessions if you
haven't done
this yet.

Finishing Off Friday (11:45 - 12:30pm)

We have had another busy week so now take some time to complete any unfinished tasks. Some tasks you may want to finish are...

FING Reading
Comprehension

Accessing
MyOn

Personal
Writing

Health and
Wellbeing -
Responsibility

Active Schools
Health and
Wellbeing
Videos

Time
Work

My Local
Area Task

You might have some other tasks that you didn't finish and want to now - that's fine too.

HWB - P.E. (1:15 - 1:45pm)

LI: To increase my fitness levels.

Don't forget to record this exercise on your active schools daily exercise tracker.

Today I thought we would workout with Joe for a change. Use the following link to click on today's video and complete your daily exercise on the Body Coach TV -

https://www.youtube.com/results?search_query=Joe+Wicks+P.E.

Free Choice Friday Activities

Spend time with your family and do something that makes you happy!

You've all been working super hard this week so let's finish off some fun activities that make you feel good! I have listed some activities you might want to do below but if you have other ideas that's fine too. Speak to your family members and see what they would like to do as well - decide on an activity together. ☺

Board Game

I have attached some colouring sheets as a PDF. Feel free to print them off if you have a printer at home. ☺

Mindfulness Colouring

Family Walk

Arts and Crafts

Den Building

Baking

Free Choice Friday Activity Suggestion

Why not practise your drawing skills this afternoon? Click [here](#) to select a video of your choice and carefully follow the steps.
