

# Friday 12th March 2021

Good morning P4/5!

# Friday Funday

- Number of the Day (9:00 - 9:30am)
- Times Table Challenge (9:30 - 9:45)
- Maths Games (9:45 - 10:30am)
- Check In and Chat (10:00 - 10:15am)

## Break (10:30 - 10:45am)

- Spelling Test/Reading (11:00 - 11:45am)
- Finishing off Friday (11:45 - 12:30am)

## Lunch (12:30 - 1:15pm)

- P.E. (1:15 - 1:45pm)
- WBD Free Choice Friday (1:45 - 3:00pm)

Today is a bit more relaxed, take time to spend with your family and complete some of the fun activities that I have planned. 😊

Today is the last day of home learning! 😊

# Number of the Day (9:00 - 9:30)

LI: To answer mental maths questions.

Choose one of the numbers and answer the questions.

## 564

## 1224

Round to the nearest 10

Round to the nearest 100

Write the number in words

Write the number in words

How many hundreds, tens and ones does this number have?

How many thousands, hundreds, tens and ones does this number have?

Times it by 2 or double it

Times it by 2 or double it

What is 26 less?

What is 26 less?

Add 33

Add 52

What is the next odd number?

What is the next odd number?

Take away 122

Take away 139

Add 101

Add 1001

Is this number odd or even?

Is this number odd or even?

# Mental Maths

LI: I can recall my tables quickly with accuracy and speed.

## Times Table Challenge

### Task

1. Get a stopwatch or a timer.
2. Start the timer and answer each question as quickly as you can. Remember, it is okay to use physical resources or pictures to help you.
3. Once you have answered all the questions stop the timer.
4. Mark your own work using a calculator to check your answers.

**Extra challenge:** If you are feeling super confident, challenge someone in your house to see who can answer all of the questions the fastest.

The timer is just to add a little challenge and fun. If you would rather not use it that's fine too.

Don't worry if you aren't super quick at your tables yet, it will take a lot of practise. 😊

## Ultimate Times Table Challenge

$2 \times 2 =$	$4 \times 2 =$	$8 \times 5 =$	$3 \times 10 =$	$5 \times 6 =$	$12 \times 2 =$
$10 \times 4 =$	$2 \times 8 =$	$12 \times 10 =$	$5 \times 5 =$	$9 \times 2 =$	$3 \times 5 =$
$6 \times 10 =$	$7 \times 2 =$	$8 \times 10 =$	$5 \times 10 =$	$1 \times 2 =$	$9 \times 10 =$
$11 \times 2 =$	$6 \times 2 =$	$5 \times 1 =$	$0 \times 2 =$	$10 \times 2 =$	$11 \times 5 =$
$3 \times 2 =$	$5 \times 0 =$	$2 \times 4 =$	$5 \times 4 =$	$0 \times 10 =$	$7 \times 5 =$
$2 \times 1 =$	$6 \times 5 =$	$10 \times 9 =$	$2 \times 9 =$	$2 \times 7 =$	$5 \times 9 =$

# Check in and Chat (10:00 - 10:15am)

1. Overview of the day.
2. Show and Tell. Some people have learned to play instruments in lockdown and want to show this. If you don't want to do this you can bring something along to show or tell us about your favourite lockdown memory. 😊

# Numeracy - Times Table Work (9:45 - 10:30am)

LI: To quickly recall times table facts.

It's so important that we take time to revise our times tables regularly so that we don't forget them.

1. First, time yourself practising your least favourite times table to see how well you really know it. Maybe this is one you could focus on today.

2. Now have a go at some of these online games

<https://www.topmarks.co.uk/maths-games/hit-the-button>

<https://www.timestables.co.uk/>

<https://www.timestables.co.uk/speed-test/>

<https://www.theschoolrun.com/top-times-tables-games>

<https://www.mathschase.com/>

<http://www.maths-games.org/times-tables-games.html>

<https://www.multiplication.com/games/all-games>

Click on the link while pressing the ctrl button and the link should open. As always, let me know if you have any problems.

3. Now try at least one of the three games on the following slide. These are a fun way to practise your tables with someone at home. 😊

# Game 1 - Kaboom

If you are looking for more information about this game [click here](#) or send me a message. 😊

## You will need:

1. A pencil or pen
2. A cup
3. Small pieces of paper folded up or lolly pop sticks - you will need 12 for each times table you want to practise.
4. Someone to play with.

## Instructions:

1. Write your times table facts on the lolly pop sticks or small bits of paper e.g.  $8 \times 1 = 8$ . Remember, this can also be written like  $1 \times 8 = 8$ .
2. On 2 lollypop sticks or bits of paper write no calculation but KABOOM! instead.
3. Place your lolly pop sticks or paper in a cup.
4. Take it in turns to select a calculation from the cup. Say the answer of your calculation and check it using the facts you have written out (from the previous slide). If you get the answer correct, keep the stick. If you get it wrong, discuss how you are going to remember the answer in future.
5. If a player pulls out a KABOOM! all the calculations have to go back into the cup and you start again.
6. After playing it a few times, remove the KABOOM sticks and the person with the most sticks/paper at the end wins. Have fun!

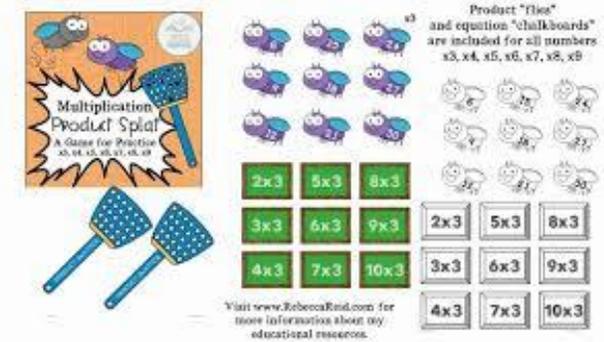

Yours should look something like this.

>>>

# Game 2 - Splat

## Instructions:

## You will need:

1. A pencil or pen
2. Paper
3. Scissors (optional)
4. Other players and a caller (optional)
5. Splatter

1. Fold a sheet of A4 paper in half and half it again to get four squares.
2. Cut out or rip the paper and repeat the process so you have lots of little squares (make enough for maybe 12 - 15 calculations and answers).
3. In one square write a calculation e.g.  $4 \times 4$ . In another square write the matching answer e.g. 16.
4. Repeat this process so that all squares have either a calculation or answer (**you should make sure you are practising a mix of tables**).
5. Now lay out the answers on the floor or table in front of you.
6. Shuffle the calculations and sit them in a pile at the side.
7. Now get something to 'splat' with. This could be a ruler, a fly swat or even just use your hand.
8. Start by selecting a calculation from the pile and reading it aloud.
9. As quickly as you can, find the matching answer and 'splat' it.
10. You could also get an adult to read out the calculations to you if they aren't busy or challenge a sibling to play.
11. Time yourself to make it more challenging. Have fun!

# Game 3 - Bingo

14	10	16
0	16	12

## You will need:

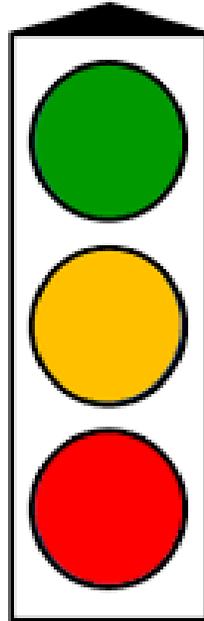

1. A pencil or pen
2. Paper
3. Other players and a caller (optional)

## Instructions:

1. Get a sheet of paper and draw a rectangle on it.
2. Now split your rectangles into 6 squares.
3. Pick a table you want to practise and on each square write an answer from the table you have picked.
4. Now get someone to call out calculations from that table. For example, if you have chosen to practise the 5 times table they could say  $5 \times 5$ .
5. If you have the answer to that calculation which in this example is 25 then you mark it off you board.
6. Once you have marked off all six calculations shout bingo!

# How do you feel you did with the maths work today?

If you don't have coloured pencils at home, write the colour you are feeling in words to show me how you got on before uploading your work to teams.

I understand what to do and can do it on my own.

I think I understand what to do but need more practice.

I don't really understand and need someone to help.

I am available on Teams each day so please just message me if you feel you are struggling and we can look at your work together. **Remember it's okay to be in the learning pit, that just means your brain is working super hard!**

# Reading and Spelling (11:00 - 11:45am)

LI: To utilise spelling patterns to spell words accurately.

LI: To read for pleasure.

## Task 1

1. Today you are going to try doing your own spelling test using the look, cover, write and check strategy. Make sure you don't peak though! Or ask someone in your house nicely to read out the words for you.
2. Once you're finished, post your score on Teams if you like. 😊

## Task 2

Now I would like you to read and discuss a book with someone at home. You could do this with a sibling, pet, parent or whoever else is in your house. You don't have to use a book from MyOn today if you don't want to. Why not pick out your favourite book ever!

ReadingWise

## ReadingWise Group

Please complete a 20 minute session of ReadingWise here before you read with a family member. You can access the website here -

<https://app.readingwise.com/>.

# Finishing Off Friday (11:45 - 12:30pm)

I have put a date under each task so you know where to find the relevant slides.

**ReadingWise Group**  
Please catch up on your ReadingWise sessions if you haven't done this yet.

We have had another busy week so now take some time to complete any unfinished tasks. Some tasks you may want to finish are...

**FING Task**  
(11.03.21)

**French - Pets**  
(10.03.21)

**Diary Entry**  
(10.03.21)

**Health and Wellbeing - returning to school**  
(08.03.21/11.03.21)

**Science Experiment**  
(09.03.21)

**Maths/Art - Designing Patterns**  
(11.03.21)

**Health and Wellbeing - P.E.**  
(everyday)

You might have some other tasks that you didn't finish and want to now - that's fine too.

# HWB - P.E. (1:15 - 1:45pm)

## LI: To increase my fitness levels.

Today I thought we would workout with Joe. Use the following link to click on today's video and complete your daily exercise on the Body Coach TV -

[https://www.youtube.com/results?search\\_query=Joe+Wicks+P.E.](https://www.youtube.com/results?search_query=Joe+Wicks+P.E.)

# Mothers Day Cards

Use whatever materials you have in your house to make a Mothers Day card for your mum, gran or whoever else looks after you at home - it's important to tell these people how much you love them! Here are some examples...

# Free Choice Friday Activities

Spend time with your family and do something that makes you happy!

You've all been working super hard this week so let's finish off some fun activities that make you feel good! I have listed some activities you might want to do below but if you have other ideas that's fine too. Speak to your family members and see what they would like to do as well - decide on an activity together. 😊

Board Game

Family Walk

Arts and Crafts

Den Building

I have attached some colouring sheets as a PDF. Feel free to print them off if you have a printer at home. 😊

Mindfulness Colouring

Baking
