P2 – please see p2 maths grid

Primary one pupils please check the P1 additional learning grids for further maths and literacy activities

Health and Wellbeing

Tick off these things as you do them at home.

Have a picnic indoors.		Keep active for at least 20 minutes each day (free choice this week) Go to YouTube for inspiration!	
Make a domino run. Can you make it go over or under objects?		Learn a magic trick and share it with a member of your family.	
Make a model of your house or village using boxes and other junk materials.		Make a calming jar (see additional learning grid for instructions)	
Learn a string game like cat's cradle. On YouTube, type string games for children to find lots of ideas.		Design a book token and win a prize for your classmates. See additional learning grid for information.	
Play a game of charades with your family		Make a fortune teller and play with a member of your family. (see learning grid for instructions and ideas)	
Set up a game of bowling inside or outside your house using a ball and empty bottles.		Set up and play a game of blow football using a ping pong ball or pompom and straws.	
It is world oceans day on 8 th June. Go to the additional learning grid to see ideas of craft activities to celebrate our oceans.		Play a pencil and paper game eg noughts and crosses, dots and squares, battleships or hangman	
Make a pinwheel and decorate it using the template in the additional learning grid. Place it in your garden and watch it spin.		Have a fashion show in your house (ask mum or dad first) you may want to dress up in clothes from mum or dad.	

IDL Projects Sound

See additional learning grid for some experiments on sound for you to try. Have fun!

IDL Projects Light

Look at the information about shadows in the additional learning grid. Discuss with someone at home. Now have a go at making your own shadows. Can you make all the animals ones?

Random acts of Wildness in June

The wildlife trust challenge you to complete a random act of wildness each day in June. See additional learning grid for resources for you to complete this challenge.
