Treasurer's Report

Balance £476.90

Lottery £87.60

IAAH

Nicola and Laura from the community and education team based at Mainholm hub in Ayr came along to speak with ourselves about being more involved in our local area. Trying to break the stigma. They are going to be doing drop ins every 3rd Monday of each month and will also make themselves known in the playground by introducing themselves to parents/guardians. The service will offer our local community the ability to seek out benefit help, help filling in forms, debt advice along with helping those in crisis. They are always very keen to work on budgeting help too.

This is a service for everyone and is totally free. The school can refer and this service and what it can do will be put out on xpressions app and on the parent council Facebook page. We are ALL keen to break the stigma related to reaching out for help and support when it's needed by ourselves or others close to us. This will be a great service for the community.

We all wish to thank them both for attending tonight and all future help they give to the community.

Any other business

KM speak with her brother re online meetings.

Lottery leaflet were put out.

LW to do a newsletter then forward to JN.

Defibrillator pads needing replaced across Coylton, work out who pays.

Christmas

LW set up fundraising committee
