

SHARING THE LEARNING

To help keep you informed about what your child should be learning from now until the summer I have included key information in this leaflet. Although schoolwork is important, the children can learn much more from their time spent with family. They will flourish by doing many practical activities such as baking, household chores and DIY! Please feel free to message me on Glow sa99j.fenton@glow.sch.uk or messenger if you have any real worries or even just to share your child's progress.

Stay safe and healthy during this time.

Mathematics

Circles

Number Work

Basic Number Bonds to 10
Ordering numbers to 100/ 1000
Written form to 100
2X table- doubling & halving to 20
Add & Subtract to 20
Add/subtract TU
Counting in 2s, 5s and 10s
Add & subtract mentally using strategies taught
Sharing equally (practical work)
Rounding TU to nearest 10

Fractions

$\frac{1}{2}$ $\frac{1}{4}$
Recording in picture form
Finding a fraction of a number
e.g. $\frac{1}{2}$ of 18=9

Measurement

Length- using cubes, straws, feet and hands
Weight- heavy & light
Making comparisons
Checking weights using cubes, marbles etc.
Capacity- measuring cupfuls, spoonfuls
What holds more or less?
Area- Counting squares

Symmetry

Simple pictures and patterns- draw other half
One line of symmetry

Direction

In front, between, behind, on top of, left, right, etc.
Give simple directions- forward, right turn, left turn

Revision Work

Shape- Basic 2D & 3D shapes

Time- days/ months/seasons/ special days/o'clock/half past/quarter past/ analogue & digital/time of day things happen

Handling Data- Reading and drawing simple block graphs

Money- recognising coins and notes up to £1 / recording totals /finding change/ ordering amounts from least to most

Literacy

The children will continue to develop their literacy skills using the 'Active Literacy' programme in spelling, reading and writing.

Reading- Big Cat or PM readers. All children will complete close reading tasks or follow up activities. Big Cat Readers have ideas at the back for teaching ideas.

Grammar- Nouns, verbs, adjectives, connectives, pronouns and prepositions.

SHARING THE LEARNING

Mathematics

Squares

Multiplication & Division-

Revise 2, 5, and 10 X tables

Introduce 4 and 8 X tables

TU x single digit

Fractions

$\frac{1}{2}$ $\frac{1}{4}$ $\frac{1}{10}$

Recording in picture form

Finding a fraction of a number

e.g. $\frac{1}{2}$ of 18=9

Measurement

Length 1metre= 100centimetres

1m= 100cm

Weight 1000g=1kg

Capacity/ Volume 1000ml=1litre

Area- Counting squares

Symmetry

One line of symmet

Grid Reference

Plotting points- Alo  r and
up the stairs

Compass Points- North, South, East,
West

Clockwise & anticlockwise

Right turn/ half turn/ right angles

Revision Work

Shape- 2D & 3D

Time- days/ months/seasons/
calendar work/o'clock/half
past/quarter past/ quarter to/
analogue & digital/duration of time (a school day is 6 hours)

Handling Data- block graphs,
pictograms, Venn diagrams, Carroll
diagrams

Money- coins and notes up to £1 or
even £5 / recording totals using
pounds and pence/ finding change/
buying several items

Rounding -H T U to nearest 10 / 100

Place Value- numbers to 1000/
sequencing/write in words and record
in digit

Add/Subtract - TU mental & formal
method/ add more than 2 numbers

Literacy

The children will continue to develop their literacy skills using the 'Active Literacy' programme in spelling, reading and writing. Some children will be reading short novels while others will continue using the Big Cat or PM readers. All children will complete close reading tasks or follow up activities. Big Cat Readers have ideas at the back for teaching ideas.

Grammar- Nouns, verbs, adjectives,
connectives, pronouns and prepositions

SHARING THE LEARNING

To help keep you informed about what your child should be learning from now until the summer I have included key information in this leaflet. Although schoolwork is important, the children can learn much more from their time spent with family. They will flourish by doing many practical activities such as baking, household chores and DIY! Stay safe and healthy during this time.

Mathematics

Rectangles

Multiplication & Division-

Revise 2, 4, 8, 5, and 10 X tables

Introduce 3, 6, and 9 X tables

Multiply 2 digit numbers by a single digit

Multiples of 10 & 100 by a single digit

Fractions

$\frac{1}{2}$ $\frac{1}{4}$ $\frac{1}{5}$ $\frac{1}{10}$

Recording & comparing fractions

Finding a fraction of a number

e.g. $\frac{1}{2}$ of 18=9

Equivalent Fractions

$\frac{1}{2}$ = $\frac{2}{4}$ = $\frac{3}{6}$ = $\frac{4}{8}$

Understand numerator & denominator

Measurement

Length mm/cm/m

Weight 1000g=1kg

Capacity/ Volume 1000ml=1litre

Area- Counting squares

Square Centimetres =cm²

Angles - Right angles

Grid Reference

Plotting points- Along the corridor and up the stairs

Compass Points- North, South, East, West

Clockwise & anticlockwise

Right turn/ left turn

Directions- journey from living room to bedroom

Revision Work

Shape- 2D & 3D

Time- 5 min intervals/ a.m. p.m. / analogue & digital/timetables/ calendars

Handling Data- tables, charts, bar graphs, Venn diagrams, Carroll diagrams

Money- coins and notes up to £20, recording totals using pounds and pence, finding change

Rounding - Th H T U to nearest 10 and 100

Add/Subtract - HTU mental & formal method

Literacy

The children will continue to develop their literacy skills using the 'Active Literacy' programme in spelling, reading and writing. They will continue to read short novels and complete close reading tasks or follow up activities.

Grammar- Nouns, verbs, adjectives, adverbs, connectives, pronouns and prepositions
