

South Ayrshire Family Learning Team

Hello everyone

I am Shevon from the Family Learning Team here in South Ayrshire. Some of you will have already met me if you have attended the Family Fun sessions already delivered within your child's nursery. (PEEP) For our new families joining us I look forward to meeting you all very soon.

As you will all be aware we have been delivering our groups in a very different way last school year. However it is our intention to continue to offer support, ideas and strategies, encouragement and praise for the fantastic job you are all already doing for your children.

We also hope in the near future we can return to normality with delivering face to face groups.

The family learning team deliver fun sessions for you and your child to attend together, these sessions support your child's literacy, numeracy, health, physical, communication, language, personal, social and emotional development. We have recently trained within The Peep Progression Pathway programme which encourages parents to participate and gain an SCQF level 3, 4 or 5 qualification. One of the benefits of gaining this qualification is a guaranteed college interview for early education, child care and social care courses.

Please follow us on twitter [SAC Early Years Family Learning Team @SAC_FLT](#). If you would like further help or advice or perhaps you have a question or query please drop me an email and I will happily get back to you .

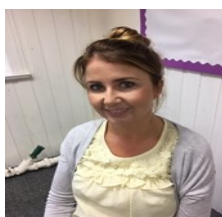

Shevon.moran@south-ayrshire.gov.uk

I will be dropping in to each of the centres to say "Hello" and introduce myself personally and share with you the family fun sessions we have planned. I may also have one of my colleagues with me when I visit your nursery. You might recognise some of them.

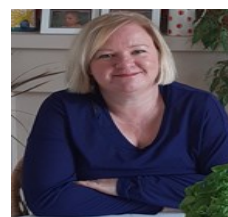

Meet the rest of the Family Learning Team

Gillian

Marie

Elaine

In the meantime stay safe, look after yourselves.

Thank you.
