

# P7 DECEMBER NEWSLETTER

## LITERACY

### BOOK WEEK

During book week, we spent time exploring genres of books, watching author's live discussions, participating in book quizzes and writing a biography about JK Rowling.

## MATHS

We have been very busy combining our geometry skills to build our very own city. Pupils had to use their knowledge of shape, angles and lines to complete a design brief for one section of the city. Once complete, we secured it all together and built our own city.

## HEALTH AND WELLBEING

During our P.E sessions, Jade, from Active Schools, has been leading Junior Coaching Academy with both P7 classes.

In these sessions, pupils learn the skills to become junior leaders and lead their own games and sports activities with other groups of children. Pupils will continue to develop these skills when they lead playground games in our P1 and P2 playground in the new year.

## OUTDOOR LEARNING

We took our learning outdoors during outdoor classroom day, where we completed a phonics hunt, helped clear up for the winter at the allotment and then made smores in the afternoon, next to the fire pit.

## UPCOMING EVENTS

### Wednesday 11th December

The Christmas Gift P7 Panto at the Cutty Sark.  
Performance 1.30pm.

### Thursday 12th December
