LITERACY

We are focusing on the science of sentences to understand what sentences must have and may have. We are having a focus on fluency to improve our reading and in writing, we are looking at the structure of story writing.

NUMERACY

In maths, we are building efficient strategies like partitioning and counting on to solve problems. We are using number lines to show our thinking and bar models to show the relationships between numbers. Concrete resources help us see the numbers.

HIGHLIGHTS

In science, we have been learning about the water cycle and made triaramas and categorising clouds. We had fun playing team building games in PE.

TOPIC

We have started our Titanic topic by attending a virtual tour. We learned some amazing facts to see what made Titanic a significant historical event.

COMING UP

Monday 6th & Tuesday 7th October – School photos.

Tuesday 7th October – Flu immunisations.

13 October 2025 – 17 October 2025 Schools closed

20 October 2025 Inservice day
