

# EYC Term 3 Newsletter

We have started the new term with a series of PEEP sessions and would like to thank the parents for joining us for these.

On the 7th February we will be visiting Maidens EYC and having fun in their playroom before exploring the beach or local park.

On the 16th February we will be holding auditions for 'Fisherton's got Talent' for any of the boys and girls that would like to take part in this show.

We are looking for photos of children's wider achievements. These could be from swimming lessons, dancing clubs or even trying a new food. Please add these onto learning journals and we can print them off for our wall display.

## DIARY DATES

**Visit to Maidens:** Wednesday 7th February

**School Closed:** Monday 12th February

**In-service Day:** Tuesday 13th February

**Outdoor Learning:** Friday 16th February

**Fisherton's Got Talent Auditions:**

Friday 16th February

**Outdoor learning:** Friday 1st March

**Outdoor learning:** Friday 15th March

**School Closes:** Thursday 28th March

**School re-opens:** Monday 15th April

## REMINDER

Nursery doors are open from **2.45pm**. Please use this time to talk about your child's day / discuss any concerns with staff as the doors will close again at **3pm**.

Care Inspectorate are asking that all parents/carers sign their children in and out of nursery on a daily basis. Please help us by doing this when dropping off and picking up your child.

## LITERACY

This term we are focusing on reading for enjoyment and re-telling familiar stories. We are planning a trip to Alloway library to encourage the pupils to explore more books.

Our Talk for Writing text for this term is 'The House of wee Mirren Mouse' by Caroline Kennedy.

## NUMERACY

Our focus this term is on numbers - counting, recognising and making quantities up to 10.

We have been learning about patterns and making our own tartan.

## HEALTH & WELLBEING

We are using the colour monster in class to discuss emotions and the feelings/ reactions associated with these.

We will also be working on improving our fine motor skills using hammers, tweezers, pencils and even knives.
