SCHOOL IMPROVEMENT PLAN: 2024-2025

South Ayrshire Vision

What are we trying to achieve?

Our Journey

We want to go on a journey to ensure **families in South Ayrshire are at the heart of everything we do**, and where their wellbeing is our top priority.

With a focus on **prevention and early intervention** we will work to empower families living in South Ayrshire. We will work with families in a way that values the unique needs and perspectives of each family member.

We will ensure those working in our services have **access to the resources, training, and the support they need** to achieve our shared goal, and where they can overcome any challenges that come their way.

We will help build strong and **resilient communities** where families are supported to thrive, and where every member is **valued and included**. This is our whole family approach.

Fisherton Vision

At Fisherton Primary School and Early Years Centre we believe that with **tenacity** we can all experience success and achieve our potential.

Friendly and **kind** people help fill our school with happiness.

Inspired by the world around us we welcome pupils to join us on a journey of discovery.

Success is experienced across the curriculum and beyond with

Helpful staff and families working together for our young people.

At **Maidens Primary Schools and Early Years Centres** we believe that the right motivations can move the world. In striving to provide these motivations our vision is that:

Many talents are developed to promote

Articulate, **responsible** learners who have

Inquisitive minds and are **nurtured** and

Determined to succeed with a **responsible** approach

Enterprising attitudes in an environment where **friendships** blossom

Nothing is insolvable and everyone is **included** in a

School where **trust** is valued.

Summary Statement and Priorities

Using Self Evaluation, as a staff team, we reviewed the 2023-2024 School Improvement Plan (SIP). We have included our evaluation of this performance data review within our Standards and Quality 2024 Report which accompanies this document. In consultation we have identified the priorities for the forthcoming year as highlighted below within this SIP. The priorities and targets in this plan enable us to clearly set out the next steps on our journey, promoting a Curriculum for Excellence throughout and have been developed through the school audit process which has included:

- Consultations with staff and staff audits
- Parental Questionnaires and parent information sessions
- Pupil Questionnaires and pupil impact/feedback activities
- Self-evaluation using HGIOS 4 and Care Inspectorate HGIOELC
- Tracking, monitoring and evaluation of learning and teaching
- Questionnaires to pupils, parents and staff
- Professional dialogue at staff meetings and in-service
- Monitoring of pupil attainment and analysis of data during in-service and staff meetings
- PRDs

The priorities within the 2024-2025 School Improvement Plan were devised through consultation and feedback with staff and parents in Term 4, 2023-24 and will be further discussed with the Parent Council in September 2024, before being shared with all parents via the website in September 2024. The SIP is a working document and is regularly reviewed and adapted to ensure it is meeting the needs of the pupils of Fisherton and Maidens Primary Schools and Early Years Centres.
