

P1-3 TERM 1

LITERACY

P1 pupils will begin to learn initial sounds and will use these to start reading and spelling CVC words.

Our weekly writing will link with our topic and we will cover a number of different styles including imaginative, instruction and poetry.

We're excited to share that our school has begun its South Ayrshire Reads journey!

As part of this initiative, you may notice some changes in how we teach phonics, reflecting the latest research and best practices in early reading. We're also looking forward to sending home our new reading books, which are carefully chosen to support your child's progress and enjoyment of reading.

We can't wait to see the impact it has on our young readers!

NUMERACY

With Mrs Holland, we will be learning all about 2D shapes and 3D objects. We will be able to identify, name and describe the properties of shapes. We will then focus on position and movement.

With Mrs Martin, we will be focusing on number work. Our learning will include recognising and sequencing numbers, identifying missing numbers, developing 1:1 correspondence and exploring place value.

TOPIC

Our topic this term is 'The Garden'. Pupils will explore a number of themes within this topic including minibeasts, life cycles and the weather. We will spend time in our Nature Nook caring for the plants and creating new areas for wildlife.

OUR CLASS

REMINDERS

PE days are Mondays and Fridays
