Talk for Writing 'Cinderella'

- Read our new model text 'Cinderella'.
- Select magpie words and phrases and write these down in your jotter.
- Begin creating actions for paragraph 1.

Cinderella

Once upon a time there lived an unhappy young girl. She lived with her father and two step sisters. Her stepmother didn't like her one little bit. Her step sisters wore beautiful dresses and shoes, ate delicious food and slept in soft beds. But, for the poor unhappy girl, there was nothing at all and she had to work hard all day. Only when evening came was she allowed to sit for a while by the fire, near the cinders. That's why everybody called her Cinderella.

Cinderella used to spend long hours all alone talking to the cat. The cat said, "Miaow", which meant, "Cheer up! You have something neither of your stepsisters has and that is beauty". It was quite true. Cinderella, even dressed in old rags, was a lovely girl. While her stepsisters, no matter how splendid and elegant their clothes, were still clumsy, lumpy and ugly and always would be.

One sunny day, beautiful new dresses arrived at the house. A ball was to be held at the palace and the stepsisters were getting ready to go. Cinderella didn't even dare ask if she could go too. She knew very well what the answer would be. Suddenly something amazing happened. As Cinderella was sitting all alone, there was a burst of light and a fairy appeared. The fairy smiled. With a flick of her magic wand Cinderella found herself wearing the most beautiful dress she had ever seen. Before her was a beautiful coach with six fine white horses.

Cinderella had a wonderful time at the ball until she heard the first stroke of midnight! She remembered what the fairy had said, and without a word of goodbye she slipped from the Prince's arms and ran down the steps. As she ran she lost one of her slippers, but not for a moment did she dream of stopping to pick it up! If the last stroke of midnight were to sound... oh... what a disaster that would be! Out she fled and vanished into the night.

The Prince, who was now madly in love with her, picked up the slipper and said to his ministers, "Go and search everywhere for the girl whose foot this slipper fits. I will never be content until I find her!" So, the ministers tried the slipper on the foot of every girl in the land until only Cinderella was left. Suddenly the fairy appeared and waved her magic wand. In a flash, Cinderella appeared in a splendid dress, shining with youth when the shoe was slipped onto Cinderella's foot it fitted perfectly. The ministers said, "Come with us Cinderella! The Prince is waiting for you." So, Cinderella married the Prince and lived happily ever. As for the cat, he just said "Miaow!"

Wee Freenly Doug

By W D Cocker

Wee freenly doug that rins aroon,
What cantrip's this? Get doon! Get doon!
I'm no yer maister. Hoots! gang hame!
I dinna ken ye, what's yer name?
I like the way ye cock yer lug,
Wee freenly doug.

I've clapped yer heid, noo rin awa',
What's that? Ye want to gie a paw!
Ay, dougs an' men, ma canine brither,
Are kind o' sib to ane anither,
Noo dinna bark, ye'll fricht that speug,
Ye randy doug.

Keep aff ma knees, ye daft wee loon,
Ye'll fyle ma claes! Keep doon! keep doon!
Buscuits? I've nane. I un'erstaun';
Ye only want to lick ma haun.
There, lick awa', I'm no' a fyke,
Wee freenly tyke.

Ye'll wag yer tail aff wi' guid-natur',
Puir thing, ye're no' a bad wee cratur',
Did ye jalouse ma he'rt was wae,
An' did ye mean to mak' me gay?
Ay! glower at me, an' cock yer lug,
Wee freenly doug!

Science

Join Miss Pollock live on Teams at 1.30pm for a fun water cycle science experiment.

Rain Cloud in a Jar

On a rainy day, discover how rain is formed with this simple activity.

You will need:

A glass jar

Water

Shaving foam

Blue ink or food colouring

An eye dropper or pipette

Instructions

1. Fill the jar about three-quarters full with tap water.
2. Squirt a 'cloud' of shaving foam onto the top and let it settle.
3. Drip food colouring into the shaving foam cloud. As the cloud fills up, the food colouring will drip through into the water, creating a rain-like effect.
