WORLD MATHS DAY MASTERCLASS

World maths day was a little different this year. Students worked from home and school enjoying some fun filled maths themed activities. 'What Disney film came first?' was a favourite, and they had a car race quiz, word problems and more amazing challenges. There were sumdog

BY NEVE LANG

comps too and lots of hard work from the students. P1 were using maths at the movies, which they really enjoyed. P2 were using the film, 'UP' as their theme and used balloons to do their maths. P3 were exploring 3D lego shapes as the Lego movie was their theme. Everyone had a super day.

HUBLIFE

Annabelle's learning in the Heathfield Hub

CASE STUDY

Name: Annabelle Westland
Class: P5T
Teacher: Mrs Taylor

At 7am I wake up to my alarm, get dressed and go downstairs to eat my breakfast. Once I have finished, I brush my teeth and head to the Hub. On arrival, I sign in at the door and we have a soft start where I get to play with my friends.

At 9.15am, we head upstairs to the library where we have a call with Mrs Taylor. At 9.45am, we start our work, normally literacy first and I like to get it all finished before break at 10.30am. We have snack and go and play on the field for 15mins.

We now have our second session of learning where I do my maths and finish anything I need to do.

At 12pm it is lunch time. We sit down at the table in the games hall and enjoy our lunch together. If we have finished all our work, we do not need to go back upstairs in the afternoon.

We enjoy PE and lots of activities like badminton, capture the flag and basketball in the games hall or outside. I like to use the reading corner too.

At 3pm it is time to go home. Life in the hub is good fun.

» World Book Day teaches us the benefits of reading and now we are all...

BOOKWORKS

WORLD BOOK DAY
4 MARCH 2021

COSY Our primary 5 & 6s kitted out their den whilst at the Hub and enjoyed reading in peace and quiet

BY LAUCHLAN MCLEAN

2021 World book day, just like everything else, was a little different this year. However, at Heathfield, we adapted and took full advantage of this special day. In the Hub, the children took the opportunity to build a den so they could lie back, relax and enjoy their reading. All the children are encouraged to read as much as they can and complete their Accelerated Reader quizzes.

STAR OF THE WEEK

Well done to **Isla** in Primary 5 for doing amazing work on World Maths Day. Keep up the great work.

NEWSIN BRIEF

All primary school kids to go back on the 15th of March

Following on from Nicola Sturgeon's latest announcement, all remaining primary school children are set to return to school full-time from

BY CHLOE BURRELL

the 15th of March, with all secondary pupils returning on a part-time basis from that date. It comes with much

relief and we cant wait to see everyone's smiling faces back in school. I'm sure the children's carers will be happy too.

TIME-TO-REMEMBER

In case you didn't know, Heathfield Primary turns 90 years old on the 16th of March. The children are going to have many fun activities, and maybe some cake too. We also have a time capsule - what would you put in it to remember 2021?
