

P2 Home Learning

Literacy

Here are websites P2s will be able to access to reinforce their phonics and reading and spelling:

www.topmarks.co.uk (Literacy Games Age 5-7 years)

<https://spellingframe.co.uk> (Free Spelling games to practise diagraph spellings in the Year 1 section of the website.)

Improve reading skills with Oxford Owls website

<https://oxfordowl.co.uk> Register for free to access the online books and take part in the activities. Select books which are suitable for your child that you think they will enjoy. You can also make use of the Blooms cards given out for homework to practise comprehension skills.

Practise your common words from your homework using pyramid writing, bubble writing, robot writing, rainbow writing. Look back over old word lists in your homework jotter. You can use the common words word lists given out for homework. You can also find a list of spellings to work on the Holmston Home Learning page.

In writing we have been learning about writing fact files. The children could create one of their own for a Scottish inventor using the research they have completed for their current homework project.

We have also been busy making lists using bullet points. The children could practise their writing by making lists for various events eg shopping, a party, trip to space, camping etc.

We have also been looking at character descriptions using adjectives. The children could draw and label characters from their favourite stories and label them using adjectives.

Numeracy and Maths

Here is a website P2s will be able to access to reinforce Numeracy and Maths www.topmarks.co.uk (Age 5-7 Maths Games: addition and subtraction, ordering and sequencing, place value, money, mental maths, shape)

Play sumdog regularly www.sumdog.com - passwords are in homework diaries.

Learn Its Leaflet in homework folders- practise the Learn Its appropriate for your child.

Use the part/part whole models given out to practise number bonds with your child. You can also use this practise subtraction facts also. (see the leaflet given out for homework).

Mental Maths - practise counting to 100 and back, counting in 2s, 5s and 10s, halving numbers and identifying odd and even numbers. Play a game from the list of number square games given out last term. Play hit the button on top marks to practise number bonds.

IDL

Create a poster, booklet or Power point about our Scottish Inventors topic.

Health and Wellbeing

Things to do at home to develop responsibility and life skills

1. Make your bed every day.
2. Make a sock puppet.
3. Create a collage of your favourite things. Cut up pictures from magazines and catalogues or the internet and glue them to a piece of paper or cardboard and decorate however you like.
4. Make a poster for the letters of the alphabet and decorate.
5. Plant a seed (this can be from an apple or an orange) and watch as it grows.
6. Watch a new movie that you have never seen before and draw a picture or write a story about it about it.
7. Come up with a dance routine to your favourite song.
8. Go on to You tube and do some "Cosmic yoga" every day.
9. Play a board game with someone in the house.
10. Do a jigsaw puzzle every day - these can be found online.
11. Help to set the table and do the dishes.
12. Bake something yummy with someone at home.
