Name: _____ Class: _____

Multiplying and Dividing by 3

You will need:

- Board Game
- Die
- Counters
- 2-4 Players

How to Play

1. Each player takes it in turns to roll the die. They find the corresponding column, answer the first calculation and cover it with a counter.
2. Play continues until one column is complete.
3. The person who placed the last counter on the finished column is the winner.
