

Name: \_\_\_\_\_ Class: \_\_\_\_\_

Complete the calculation.

- |                         |                        |                         |
|-------------------------|------------------------|-------------------------|
| 1 $10 \times 4 =$ _____ | 2 $2 \times 4 =$ _____ | 3 $11 \times 4 =$ _____ |
| 4 $8 \times 4 =$ _____  | 5 $3 \times 4 =$ _____ | 6 $8 \div 4 =$ _____    |
| 7 $24 \div 4 =$ _____   | 8 $20 \div 4 =$ _____  | 9 $4 \div 4 =$ _____    |
| 10 $44 \div 4 =$ _____  | 11 $36 \div 4 =$ _____ | 12 $12 \div 4 =$ _____  |
| 13 $7 \times 4 =$ _____ | 14 $48 \div 4 =$ _____ | 15 $9 \times 4 =$ _____ |

**Challenge:** 32 8 4

Can you use the numbers to write a multiplication and a division number sentence?

Complete the calculation.

- |                         |                          |
|-------------------------|--------------------------|
| 16 $6 \times 4 =$ _____ | 17 $11 \times 4 =$ _____ |
| 18 $20 \div 4 =$ _____  | 19 $2 \times 4 =$ _____  |
| 20 $44 \div 4 =$ _____  | 21 $24 \div 4 =$ _____   |
| 22 $7 \times 4 =$ _____ | 23 $4 \div 4 =$ _____    |
| 24 $12 \div 4 =$ _____  | 25 $9 \times 4 =$ _____  |

Identify the missing operation in the calculation.

- |                       |                        |
|-----------------------|------------------------|
| 26 $4$ _____ $4 = 16$ | 27 $3$ _____ $4 = 12$  |
| 28 $28$ _____ $4 = 7$ | 29 $36$ _____ $4 = 9$  |
| 30 $16$ _____ $4 = 4$ | 31 $10$ _____ $4 = 40$ |

**Challenge:** 32 8 4

How many number sentences can you make using these numbers?

Name: \_\_\_\_\_ Class: \_\_\_\_\_

## Picaria: Multiplying and Dividing by 4

### You will need:

- Game Board
- 2 Players
- 6 Counters (3 counters for each player)

### How to Play

1. Player 1 chooses and answers a calculation and then places a counter over the calculation.  
(Note: Player 1 can **not** choose the central calculation.)
2. Take alternate turns answering calculations and placing counters on the board until all 6 counters are on the board.
3. Continue to take turns sliding each individual counter along the lines to the nearest calculations.
4. The winner is the player who gets 3 counters in a row (either vertically, horizontally or diagonally).
