

## Jungle Newsletter

09/10/20

What a busy and wonderful week we have had in P2. We had a fantastic time on our nature walk to the River Ayr and enjoyed our caterpillar and colour hunt, and asking questions about our natural environment. This sparked lots of discussion and we used our findings to create our own art work. We have also loved creating our class story map for 'We're Going on a Bear Hunt' and performing this to our friends and teachers. It would be great if the children could use the attached story map to retell the story over the October holidays. Due to the children's interests, we are hoping to continue our visits to the river Ayr where we will be looking at habitats and living things. Hopefully we won't find any bears :)

We have also been busy ordering our days of the week, months of the year, decades to 100 and exploring our class calendar. The children have been working very hard on using their digraphs in their writing and identifying the missing digraph to complete a word. It would be great if you could spot the digraphs we have been learning when your out and about or around the house. As always, look for numbers in the environment and even talk about the number **before** and the number **after** as this can be tricky.

The children are so excited for Halloween and we are organising a fun filled week with a little surprise on the Friday. We are planning some fun activities and it would be great if you could bring in an empty tissue box and finished kitchen/toilet rolls by Friday the 23rd of October. This will allow us time to quarantine them over the weekend to use the following week.

Thank you for participating in our Walk-to-School week, we loved seeing all your creative ideas, especially the crazy hair day.

Most importantly, stay safe and have a lovely October Holiday. We can't wait to hear all about it :)

Sending lots of social distance high fives!

Miss Audino & Miss Johnston
