

Primary 7 Term 1

It is a pleasure to welcome our pupils who are settling in well into their P7 year, looking very smart in their leaver's hoodies! No doubt they are beginning to look forward to the long awaited trip to Dolphin House which is just around the corner. This is a busy term as they take on new roles within the school. They have already made a great start with P1 buddying which is greatly appreciated by all.

Literacy

This term we are reading the novel 'Alex Rider' by Anthony Horowitz. Pupils will develop their higher order thinking and critical literacy skills through the teaching of the six comprehension strategies:

- Prior Knowledge
- Metalinguistics (Tricky words)
- Visualisation
- Inference
- Main idea
- Summarisation

Pupils will continue to use a wide range of strategies to spell common and tricky words and develop their word building skills by using prefixes and suffixes.

Pupils will develop persuasive writing techniques:

- Advertising a gadget (link to novel)
- School/House Captain speeches

Maths and Numeracy

Place Value – pupils will be working with numbers up to 1 000,000. They will describe the value of the digits in whole numbers and in decimal numbers with up to three decimal places. They will practise reading, writing and recording both whole and decimal numbers.

Rounding - pupils will also cover rounding whole numbers and Decimal Fractions up to 3 decimal places.

Addition and Subtraction – pupils will use a range of strategies for adding and subtracting whole and decimal numbers in multi-step problems. They will find approximate answers by rounding and will practise adding and subtracting 10, 100 and 1000 mentally from whole numbers/decimal fractions up to 3dp.

Circles and their properties -

Interdisciplinary learning: This term pupils are learning about John Muir who was an explorer, inventor, naturalist and conservationist. They will explore how his experiences led him to new understandings about life and relationships and how he is considered to be one of the nation's most significant environmental leaders and the father of the national park system. Pupils will learn about John Muir's childhood, how he was motivated to explore the world and how he made a global impact. A four day residential trip has been arranged for the pupils, where they will engage in a range of outdoor learning activities which lead towards the John Muir Award.

Science

Animal Adaptations/Rocks

Art

Charcoal drawings, Portraits – Outer and Inner self, colour mixing - tertiary, secondary, primary colours

Digital Literacy:

Access GLOW/TEAMS

Search/Access information on John Muir/Animal adaptations

Dates for your diary:

Meet the class –
Friday 30th August

Dolphin House –
24th – 27th August

HWB

- During PE, pupils will be developing skills in athletics, basketball and gymnastics
- Pupils will discuss the UNCRC rights of the child and produce a classroom charter
