My Question

Mr Wonka

Mr Wonka is overthinking because Veruca is just demanding and shouting and Augustus Gloop just went up the pipe. He might also feel depressed because he is trying to give them

The parents might feel embarrassed because the children are not listening and Mr Wonka is singing and dancing. The parents might also feel happy for the kids to be there.

Granpa Joe feels so happy he could probably jump up into the air and dance again. He might feel grateful because he was noticed he was a wee bit jealous because Mr Wonka has all the food he wants.
