Our top 5 suggestions of how to keep a routine and how to keep learning:

1. Keep a bedtime and wake up time for week days.
2. Plan your days to include some maths & literacy time, some creative play time, some time to do chores, some exercise time and some relaxation time.
3. Enjoy books just for the joy! You don't always have to write about what you read.
4. Bake and cook together ... so much maths!
5. Get outside for plenty of fresh air.
