

Information for Parents

Session 2019 – 20

Dear Parent/Carer,

Over the past 6 months pupils from the Marr Cluster schools having been working on a rights respecting project to produce a positive relationships information leaflet for parents/carers and the wider community. The Marr Cluster is committed to trying to stop bullying behaviours in schools. The pupils are particularly proud of this leaflet and thought it important to share this information during Anti-bullying week.

The leaflet will also be uploaded to school social media sites.

We hope that you find it useful.

Yours sincerely
