Last Period, Last Week, Last Topic

Submitted by Music Department

Last Period, Last Week, Last Topic is useful as a starter task/daily review.

Three questions are posed to pupils, one being about what was learned in the last period/lesson, another being about something learned the previous week, and the final being about something from the previous topic/unit/month/year.

The benefit of this starter is that the types of question can be changed regularly, and the method of getting responses can be changed too so as to not get tedious.

For example: short-response, fill in the blanks, true or false, odd one out, deliberate mistakes or multiple choice questions are all examples of how questions could be asked.

Furthermore, responses could be given verbally, on Show Me Boards, on Post-It Notes or in jotters, giving further variety.
