Peer Assessment

Submitted by Art Department

Peer Assessment is useful as a plenary, as homework, or during a lesson to check that pupils can apply the skills they are using in a different context.

Pupils are asked, at a minimum, to complete two statements while looking at the work of a peer:

What went well...
Even better if...

This can be extended by asking the pupil to also complete the statement:

Next steps...

Opportunities to discuss and explain the work should be encouraged so that pupils learn from and support each other. Generic statements such as "nice drawing" or "all the answers are correct" should be discouraged.

A section for teacher comments could also be added to make this assessment mode more robust.

PEER ASSESSMENT BGE

What is peer assessment?

Peer assessment involves you taking **responsibility for assessing the work of your peers against set assessment criteria.**

Why peer assessment?

Peer assessment **enables you to give your peer valuable feedback so you learn from and support each other.** It adds so much more to learning and the opportunity to talk, discuss, explain and challenge enables you to achieve more than you would on your own.

Hints:

- Remember to write in full sentences
- Write as many comments as you can especially when writing the what went well comment
- Be honest about the work you are peer assessing

You will answer the following statement questions while looking at the work of another pupil.

Peer-Assessment Starters

Use these sentence starters when you're assessing someone else's work:

What went well:

WWW

The things you did well were…   You should be very proud of…

I feel you did well with…   The best part of your work is…

Even better if:

EBI

To improve your work you need to…   In future you need to…

Please try to…   Next time you work on this topic you need to…

Next step:

Your next step should be…   To make this even better you could…

You've done really well. Next time…   I'd like to see you try to…
