## Top Study Tips

What are your top tips for success in this subject?

Applying your knowledge!!! Flashcards will only get you so far in Chemistry. You need to be trying past paper questions regularly to see how Qualifications Scotland make you apply the knowledge to a problem.

Look at marking schemes. Where do they award the marks for calculations and explain questions?

Be as prepared for your assignment as physically possible. We can't give you much help but you can make sure you have practiced the sections yourself at home.

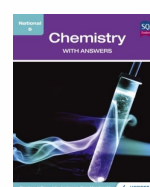

## Useful Resources

Textbooks, revision guides, class materials etc.

All of our class materials can be found on Teams.

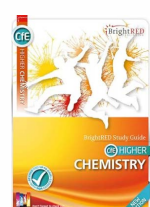

We recommend the following textbooks for Chemistry:

National 5:

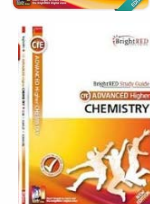

National 5 Chemistry with Answers  
Publisher: Hodder Gibson  
ISBN: 978-1-4441-8430-3

Higher:

Higher Chemistry New Edition: Support  
(Bright Red Study Guides)  
Author: Beveridge Gibb Hawley

Advanced  
Higher:

Advanced Higher Chemistry New Edition:  
(Bright Red Study Guides)  
Authors: Archie Gibb, David Hawley,  
Shona Scheuerl

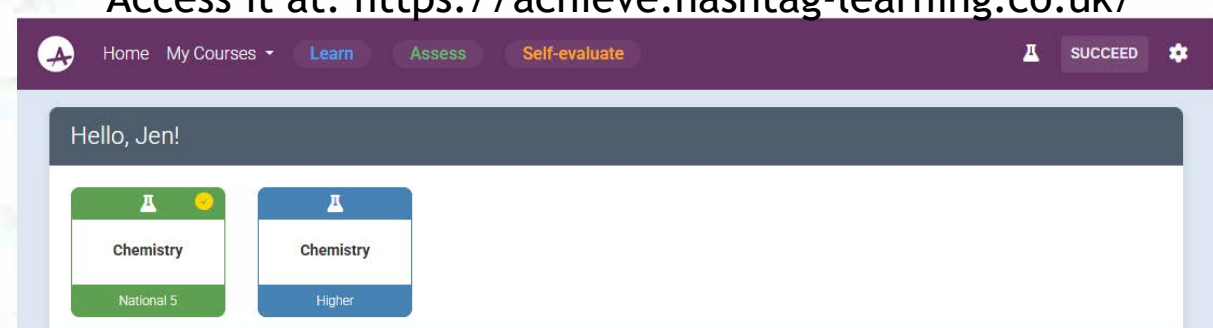

## Websites & Online Support

Useful websites, online tools or apps.

We absolutely swear by the use of Achieve for studying. It is so versatile and all classes have been set up so that you can join the class and only access material that you have covered so far. It is an excellent resource for past paper questions and self evaluation.

Access it at: <https://achieve.hashtag-learning.co.uk/>

## Additional Information

Any other advice, support or information that may be helpful.

Please remember to ask any member of the department if you need help with Chemistry. There will be Grade Boosters throughout the year for you to come along and do more targeted revision but don't wait. If you are unsure then come up and ask. We have plenty of questions and resources to help support you on tricky areas.
