Dear Parent/Carer

Football Kit Sponsorship Session 2026-2027

We are looking at purchasing new kits for our school football teams (U13's, U15's, U18's and Girls) for the next academic year. To support this, we are reaching out to our school community to explore potential sponsorship opportunities.

We know that many families within Queen Margaret Academy have connections to local businesses or run companies of their own. Sponsoring our new kits is a fantastic way to support the school while also promoting a business within the wider community.

Sponsorship would enable us to purchase new kits which will be printed with the school badge, numbers on the back and include the company logo on the front.

If you, or someone you know, would be interested in sponsoring one or all our teams, we would be delighted to discuss available options and costs involved.

Please contact me at sa10cdewar@glow.sch.uk if you are interested or to request further information.

Thank you, as always, for your continued support of Queen Margaret Academy and our young people.

Yours faithfully

Craig Dewar
Principal Teacher of Physical Education
