

A close-up photograph of a network switch panel. The panel features multiple rows of RJ45 ports. Many ports are occupied by white Ethernet cables. Some cables have blue or yellow RJ45 connectors. Several cables have white labels attached to them, with some legible text including "From: M...", "To: DIS...", and "CLASS 1729". The switch panel has labels such as "10/100Base-TX Ports (1-48)", "Link-25-Mode", and "Link-26-Mode". The background is dark, and the overall lighting is dim, highlighting the cables and the glowing green LEDs of the ports.

REMOVAL OF NETWORK DRIVES

Information for EYCs
March/April 2024

Agenda

- Network to Cloud
- Accessing Teams
- Corporate Team
- What next?
- Questions

Network to Cloud

- Content on servers moving to cloud-based storage

- Using Microsoft Teams

- One school Team in Corporate

Glow & Corporate Teams
