

Streetwise Education

Crime Prevention Teaching and Learning Resources

Streetwise Education

About Us

We are a team of Criminal Justice and Youth Work practitioners with over 25 years experience of working in Youth Justice, Teaching and Social Work settings. We create bespoke teaching and learning resources designed to educate children and young people aged 11 to 18 years old about the consequences of street crime.

Innovation

Streetwise works in innovative ways with young people to develop their self-esteem and confidence and enabling them to resist drug, gang, weapon and knife related cultures. Using a range of interactive mediums such as arts, music, role play, and groupwork, our educational programmes aims to demystify the appeal of street crime by challenging young people's attitudes and beliefs, and explores real life issues

Resources

Our resources come in ring binder format packed with easy to use lesson/session plans making it easy for you the facilitator to engage young people in innovative learning. Each module has over 3 hours of work to complete and includes certificates to celebrate the learning undertaken by young people. Each module comes complete with statement cards designed to stimulate further discussion and learning.

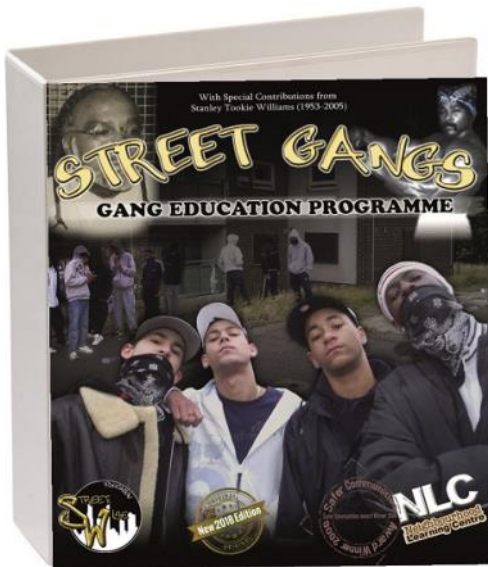

Our Resources

Packed with lesson plans
