## All Staff - Safe Working Practice

Members of the centre staffing are in a unique position because of their daily contact with children and young people. **Staff are registered under SSSC registration and PVG checks. They follow and adhere to authority standards.** They will often be the first person, with whom a child shares his/her concerns, or the first to notice a change in a child's behaviour. In the event of a disclosure or of abuse or neglect, staff should be aware that they DO NOT have the authority to investigate these concerns.

The role of EYC staff is **TO OBSERVE, RECORD AND REPORT:**

- ✓ Observe carefully the child or young person's behaviour and demeanour;
- ✓ Record in detail what the staff member has seen and heard and when;
- ✓ Any signs of physical injury should be described in detail or sketched;
- ✓ Exact words used by the child or young person should be quoted;
- ✓ A guarantee of secrecy or confidentiality must not be given to the child;
- ✓ Use open-ended questions;
- ✓ The child or young person must be told that the Child Protection Co-ordinator (CPC) will have to be informed;
- ✓ Report suspicions or disclosure immediately to the Child Protection Co-ordinator;
- ✓ Take notes, date and sign them, as soon as possible and recording should not delay reporting;
- ✓ Even when no formal referral has been made to the Health and Social Care Partnership, notes should be kept in a confidential record in Pastoral Notes on SEEMIS;
- ✓ Be supportive and assure them you will only share this information with those people who need to know in order to prevent any further harm; and
- ✓ Take time to listen, without asking too many questions.

## **Ancillary and Support Staff**

School assistants, administrative assistants, janitors, and catering staff are often seen by children and young people as possible confidantes, because of the nature of their contact and should take the above actions in the event of a disclosure.

As with other school staff, it is vital that all concerns regarding the welfare or safety of a child or young person are reported to the Named Person and if necessary, the Child Protection Co-ordinator, as soon as possible, and that such suspicion or concerns are not discussed more widely.

For specific guidance including information about confidentiality, using technology and allegations made against staff please refer to the South Ayrshire Council MG on Child Protection.
