**R.R.S Article 24 - Health care ensures that every child has the right to the best possible health**

Governments must provide good quality health care, clean water, nutritious food, and a clean environment and education on health and well-being so that children can stay healthy. Richer countries must help poorer countries achieve this.

**Article 28 - Every child has the right to an education**

Primary education must be free and different forms of secondary education must be available to every child. Discipline in schools must respect children's dignity and their rights. Richer countries must help poorer countries achieve this

**Task**

How do parents or carers teach their toddler or very young child about being healthy? Do you remember learning things such as how to clean your teeth? Discuss this at home. Imagine you had to teach a younger brother or sister ONE MESSAGE about being more healthy - what would you say or do? Try it out on a family member or with a friend safely on line.
