

Primary 4 Curriculum Flyer

Literacy

Reading -Through our class novels, we will be applying higher order thinking skills to answering questions, as well as looking at characters, setting and main events.

This Term's Class Novels are ; 'Umbrella Mouse to the Rescue' and 'The Santa List'.

Most days after lunch, the class takes part in Teacher Led Reading Time.

Spelling -Pupils will continue to explore different spelling rules and work on commonly used words.

Writing - we are focussing as a school on the Talk For Writing model in imaginative writing. Additionally, we will look at some functional and personal writing.

Health and Wellbeing

Struthers continues to adopt nurturing strategies across the school. We also use The Zones of Regulations for feelings and emotions check ins.

PE - A reminder that our PE days are Monday and Tuesday. On PE days pupils should bring appropriate PE clothing to change into. Suitable shoes are especially very important for safety.

Mrs Yost & Mrs Hayes

Term 2

Wider Achievements

It is important for pupils to feel proud of their achievements.

Please let us know about your child's achievements outside of school by sharing them on Twitter.

Learning @ Home

At Struthers, we have a 4-week rolling programme of homework. This will take the form of a grid of activities, sent out each Monday for 3 weeks. There will be a mix of subjects. On the 4th week, we will focus on Health and Wellbeing activities. As a school we promote daily Reading for Enjoyment.

Numeracy & Maths

During term 2 we are planning to cover:

- * Multiplication and Division by 2, 4 and 8
- * Rounding to the nearest 10 / 100.
- * Time
- * Symmetry

Throughout daily mental maths sessions we will focus on the 4 operations, improving speed and accuracy. We use a combination of Big Maths and Number Talks approaches to deliver mental maths lessons. For further challenge, pupils will explore more problem-solving based tasks.

Interdisciplinary Learning

This term we are starting off with the science topic of Plants and the Eco System. We will be taking part in a number of experiments and research.

We will then be learning all about the Buddhist festival - Sangha Day.

Finally, by revisiting the story of Christmas, we will be immersing ourselves in the festive season!
