"The beautiful thing about learning is nobody can take it away from you."

Mr Cole

Term 4

April '26

Welcome Back!

I hope you all had a lovely Easter break and lots of chocolate eggs were consumed! We are very excited for a busy Term 4 and are raring to go! As always, pupils will be encouraged to work hard and strive to achieve their full potential at Struthers.

Literacy

Our focus novel this term will be 'Frankenstein' by Mary Shelley, exploring themes including family, isolation, morality and prejudice. We are looking forward to reading this classic novel!

Mathematics

This term we will cover Negative Numbers, Sequences & Chance, Maps & Co-ordinates and Number (revision). Pupils will engage in frequent mental maths activities and will have regular opportunities to revise topics independently. I would encourage all pupils to practise times tables at home, whenever possible.

Interdisciplinary Learning

To kick off this term we will be diving in to our Science Showcase topic. Pupils will be learning all about chemical reactions and the different ways that these can happen. On Wednesday 29th April, all P7 pupils will attend the Science Showcase at Marr College, where we will present our findings alongside other schools within the cluster. We are also incredibly excited about our residential week at Inverclyde and are crossing our fingers for good weather! I would like to take the opportunity to remind families that mobile phones are not permitted on the trip, as per the rules issued by Inverclyde Sports Centre.

Announcements

This term, PE lessons will take place on Monday and Friday afternoon.

Homework will be issued each Monday on Teams. Please submit all of your homework via Teams or in the jotter provided.

Bump Up Days - 9th and 10th of June.
