'Being Well Doing Well' - Thursday 13th May

Health and Wellbeing 2021 Conference

The Conference is offered at a time when, against the backdrop of the global pandemic, mitigating impact is vital - in terms of pre-existing poverty, previously hidden deprivation and emerging vulnerabilities. The focus on Health and Wellbeing is important in this. The Dumfries and Galloway 'Being Well Doing Well' Health and Wellbeing Excellence and Equity (Curriculum) Strategy, which highlights the importance of learning and teaching health and wellbeing to ensure children and young people develop the knowledge, understanding and skills they need now and in the future, will be launched at the Conference.
