

TROON PRIMARY SCHOOL & EYC

CURRICULAR MAP – TERM 1

PRIMARY 7

Class Teachers: P7A Mrs McIntyre & Mr Robb, P7B Miss Lee

LITERACY

This term the children will be improving their spelling, grammar and comprehension skills using resources that they are familiar with from Primary 6.

We will begin our novel study next week, 'The Boy in the Striped Pyjamas', which links to our first topic World War 2. We will use this novel to build on our Critical Literacy skills in preparation for secondary school.

Our writing this term will link in well with our WWII topic, giving plenty of opportunities for imaginative stories and Evacuee diary entries.

NUMERACY & MATHS

This term, we have started looking at our mental recall and the four operations. We will continue to focus on mental maths and rapid recall of times tables throughout Primary 7.

Our first steps in maths will be to concentrate on consolidating and building on previous learning and looking at Place Value and Whole Number.

We will move on to looking at Coordinates and Negative Numbers.

SOCIAL STUDIES

Our interdisciplinary topic this term is World War 2 which the children all really look forward to learning all about. We will be using this as an opportunity to discuss current events and how history is an important aspect of our society.

There will be opportunities for children to share family history and to create a project of their choice at home.

OTHER CLASS INFORMATION

Primary 7 is one of the busiest times for pupils. This year, we will be looking at appointing our new House Captains.

We will be starting our P1 transition activities this term.

We hope to start working with Active Schools in the coming weeks to complete the Junior Coaching Award.

Our PE days will be **Wednesday and Friday** each week this term. Please ensure gym kits are packed on these days along with suitable footwear.
