

DREAM TEAM

RECAP!

So where did you fall on the colour wheel?

Take a moment to remind yourself.

MAKE A TEAM!

Split up into teams of 3 or 4.

Make sure that each team contains one person from each different part of the colour wheel.

This is your 'dream team'!

CREATE AN ADVERTISING CAMPAIGN

You and your team have been asked to create a new advertising campaign for your school to educate students about staying safe and stopping the spread of coronavirus.

How can you get the message across in a really effective and creative way?

NOW FIND A

CREATIVE SOLUTION AS A TEAM!

Be as weird and wonderful as you want to be. Maybe you'll look at creating a social media campaign, or a series of eye-catching posters. Or what about an app that buzzes when you're too close to someone?

Think of your own brilliant creative idea as a team!

WHAT ROLES WILL YOU TAKE ON TO MAKE YOUR IDEA HAPPEN?

For example, if you're a Cool Blue or Fiery Red, you might want to be the **designer, photographer or techie** who brings your idea to life.

If you're a Sunshine Yellow, maybe you'll like to be the **Project Manager** who encourages the team and makes sure that things happen on time.

And if you're an Earth Green, perhaps you'll be the **writer** who listens to your team and comes up with the amazing slogan that will make your campaign a success.

Think about your personality and pick a creative role that you think suits you.

SO WHAT DID YOU COME UP WITH?

PRESENT YOUR IDEA & TEAM

Nominate 1 person from your group to tell the class about your idea.

Make sure they explain:

(1) Your amazing idea

(2) The roles of each person on the team

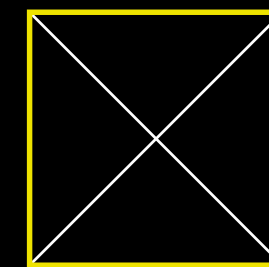

WELL DONE!

NOW YOU KNOW EXACTLY WHAT IT
TAKES TO BE PART OF A

DREAM TEAM.
