

Lesson 2 Plan

SPONTANEOUS STORYTELLING

Duration: 50 minutes

Spontaneous Storytelling Lesson Description

From the minute we start education, we get told how to be creative and what things are right and wrong - we believe that your creativity shouldn't be limited.

This lesson centres around storytelling. We have designed the tasks to help them create a whole story by themselves without feeling like they have to just sit down and write. We have made story creation spontaneous and manageable for them, again with no right or wrong answer. By the end they will have a whole physical mini-book that they have made.

Materials needed:

Lesson Pack, pens, paper (One sheet of A4 to fold into a book shape).
