To achieve the National 4 in Modern Languages you must pass all the mandatory units, including the Added Value Unit. Courses are **not graded** and there is **no** external exam.

All levels are subject to external moderation procedures by the SQA.

Homework

You will be expected to learn vocabulary, phrases and grammar structures on a regular basis in order to improve your knowledge and understanding. In addition there will be regular written homework to consolidate classwork and prepare for assessments.

Progression in the Senior Phase:

Success in N5 could lead to Higher in S5/6.

Success in N4 could lead to N5 in S5/6.

Costs:

Purchase of bi-lingual dictionary for use at home. You will be issued with printed and electronic resources for use in class, homework and revision.

Fact or fiction? Scotland doesn't really need languages to improve its economy.

Wrong! Scotland is losing approximately £0.5 billion in potential income every year because we do not have enough people with language skills. The UK has the worst foreign language skills in Europe. This is acting in effect as a tax on UK trade. In Sweden 83% of 15 year-olds can cope (at a basic level) in a foreign language. In England it's only 14%. Can we do better?

Fact or fiction? Everyone speaks English.

Wrong! 75% of the world's population do not speak any English at all. Only 6% of world population are native English speakers. Source: SCILT Scotland's National Centre for Languages.

Language learning will be vital for the future of the UK economy in a post-Brexit world. This is in part why employers are desperately looking for graduates with language skills. Being able to speak the languages of our business partners and understand their cultures is going to be vital.

“If you talk to a man in a language he understands, that goes to his head. If you talk to him in his own language, that goes to his heart.”

Nelson Mandel, Former President of South Africa
