

National Standardised Assessments for Scotland - Professional Learning

An Introduction to NSA

27th Feb 2024 MS Teams, 3.45-5.15pm

NEW DATE—28 March 2024 MS Teams, 3.45-5.15pm

This course is for anyone involved in the delivery of national standardised assessments to children and young people in primary or secondary schools who wish to understand the purpose of the assessments and gain familiarity with the functionality of the assessment platform. It also highlights examples of good practice in administering the assessments and provides advice and practical

An Introduction to Analysing NSA Data

1st or 2nd May 2024 - Inspire Tweedbank - 10am - 12 noon

This 2-hour course is aimed at supporting primary and secondary practitioners, as well as school leaders who wish to gain an understanding of how to generate and analyse NSA data. Using demonstration data, key features of the Individual report, Group Diagnostic report and Group Aggregate report will be discussed.

A Closer Look at NSA in an ASN and EAL Context

5th March 2024 MS Teams, 3.45-5.15pm

This course will include content that is relevant when working with children and young people who require additional support with their learning or for whom English is an additional language. It contains details of platform functionality that can be used to support accessibility as well as practical advice on using NSA with children and young people who require additional support with their learning or have English as an additional language (EAL).

Using NSA Data to Support Improvement

1st or 2nd May - Inspire Tweedbank - 2pm - 4pm

This 2-hour course is aimed at supporting primary and secondary practitioners, as well as school leaders who wish to gain a deeper understanding of how to use NSA data to inform and support in creating improvement. Using demonstration data, delegates will be able to view reports, to inform next steps in improvement. It is anticipated that all attendees will have experience of using the NSA reports and/or will have attended our course 'An Introduction to Analysing NSA Data'.
