

Brae High School

Science Department

Website Booklet

Staff	Mike Batty	Anne Bennett	Adam Evans	Paul Baxter
Subjects Taught	Physics, Chemistry, Engineering Science, Practical Electronics	Biology, Chemistry, Psychology	Chemistry	Physics, Engineering Science

Courses offered in department

Broad General Education

S1 & 2 BGE Science

General science course which gives pupils an introduction to Biology, Chemistry and Physics

S3 BGE Biology, Chemistry, Physics and Engineering Science

Pupil personalisation allows for choice of courses which are still part of BGE whilst still covering outcomes from Broad General Education and as well as providing preparation for the senior phase of their education.

Individual more detailed information about topics and courses covered will be added in due course

Senior Phase

The following courses are offered by the Science department. The links will take you to the relevant SQA subject home page where you can select appropriate levels. Over the coming months will add further details.

Biology and Psychology

N4/5 Biology

H Human Biology

AH Biology

<https://www.sqa.org.uk/sqa/45723.html>

N5 Psychology

<https://www.sqa.org.uk/sqa/45746.html>

Chemistry

N4/5 Chemistry

H Chemistry

AH Chemistry

<https://www.sqa.org.uk/sqa/45720.html>

Physics, Engineering Science and Practical Electronics

N4/5 Physics

H Physics

AH Physics

<https://www.sqa.org.uk/sqa/45729.html>

N4/5 Engineering Science

H Engineering Science

<https://www.sqa.org.uk/sqa/45648.html>

N4 Practical Electronics

<https://www.sqa.org.uk/sqa/45654.html>
