

## Drama

Burravoe School did monkey arms it was a warm up.

After they did some different warm ups then it was time to do some drama. Their teacher was called Sian Thomas.

The first week she came they did some freeze frames. The second week she did miming. They all loved buzzy bees. In that picture that is a group of them doing an advert about the "Calculator 3000" that was on week four (the last week). They had drama for two hours but had their piece time and play in the middle of their drama session.

Buzzy Bees is a game when somebody shouts buzzy bees buzz and everybody else jogs into a space then they say buzzy bees freeze and you freeze. Then they say make me something with the letter..... then they make some thing that begins with the letter..... and if they have got the same as somebody else you are out and have to go to the side and decide on a letter (the people who are not out get to have another go).

When they did soundscapes Sian told us a place to make a soundscapes. Honor's place was a supermarket Abby's was a pop star place.
